FOR IMMEDIATE RELEASE

Weber's Boutique Hotel and Restaurant Announces the Newest Meeting Facility in Michigan

Completing its \$500,000 Main Ballroom Renovation, Weber's now offers the newest Meeting Facility in Michigan. This transformation is part of Weber's dedication to constantly reinvest in its property and serve its worldwide clientele in the manner in which they have come to expect over 70 years.

Ann Arbor, Michigan – October 5, 2009 – Weber's Hotel and Restaurant announces the completion of a full-scale transformation of its Main Ballroom and surrounding areas. \$500,000 worth of renovations make a noticeable alteration in the now-expansive, bright setting of Weber's Main Ballroom.

The Main Ballroom exudes crisp, white elegance in a panoramic, yet intimate setting. The space is well-suited to accommodate weddings, meetings, and special events in a comfortable, upscale environment. Bright new paint, stylish carpeting, new ceiling grid, along with updated lighting featuring contemporary chandeliers make this event space a surprising transformation from its original dark wood tones typically found in historic hotels.

Ken Weber, President of the family-owned Ann Arbor hotel, restaurant and banquet facility says, "Our clients are already remarking how bright and appealing the space looks. They're equally surprised that we reinvested in the property during this economy." Adding, "We are constantly reinvesting and renovating various parts of our hotel and restaurant. Despite the economic status, we believe reinvesting makes our property more appealing and enables us to provide services our clients desire."

Doug Chapin, Director of Sales for Weber's Hotel and Restaurant says, "Our repeat clientele that have been hosting meetings for years at Weber's comment that the Main Ballroom appears like an entirely new meeting facility. They say the new banquet space feels bigger and looks brighter."

Worldwide clients continue to visit Weber's web site, Facebook Fan Page and other social media sites making it easy for them to view the new 4554 square foot Main Ballroom. As a result, Weber's is already garnering bookings for holiday parties and 2010 weddings and trade shows.

About Weber's Boutique Hotel and Restaurant

Located in the heart of Ann Arbor, MI just minutes from the University of Michigan, Weber's Hotel and Restaurant specializes in weddings, conventions and business conferences. Founded in 1937 by Herman Weber, Weber's Restaurant has been recognized for their upscale fare. With yearly renovations, Weber's Hotel and Restaurant is known as the choice for Ann Arbor events. Serving the hospitality needs of business and leisure travelers as well as local Ann Arbor dining guests, Weber's features live music in its Habitat Ultra Lounge, a four-seasons recreation area, complimentary Wi-Fi, and 9,300 square feet of high-tech event space.
